## **CORONAVIRUS (COVID-19) MEDIA STATEMENT**

Attributable to  
Tricia Medeiros, Chief Operating Officer, The Plaza Assisted Living

The Plaza Assisted Living has always adhered to the highest health and safety standards to protect our residents, their families, our team members and vendor partners. Our six communities are prepared and trained in infection control as part of our standard operating procedures. Additionally, we have established new protocols to address issues surrounding the coronavirus outbreak.

Since the start of flu season, we have been reminding all residents, visitors, vendor partners and team members to take the standard precautionary steps to prevent the spread of viruses as we do every season. Should there be a coronavirus incident in Hawaii, we will implement action plans that have been developed in partnership with state, local and federal agencies to address possible outbreak scenarios.

Families entrust us to care for their loved ones, and their health and wellbeing has always been our top priority.

###

### **About The Plaza Assisted Living**

The Plaza Assisted Living provides high-quality rental apartment living options for Oahu's seniors, offering residents an array of comprehensive care programs, including Independent Living, Assisted Living and Memory Care. Since 2004, The Plaza Assisted Living has been dedicated to providing a comfortable, caring and dignified living environment, in which Hawaii's seniors can enjoy their retirement years. The Plaza Assisted Living currently serves Hawaii's seniors from six senior assisted-living properties throughout Oahu, including Punchbowl, Mililani, Moanalua, Pearl City, Waikiki, and Kaneohe.
