

## **COVID-19 Update:**

### **The Plaza at Pearl City Direct Care Team Member Positive**

September 21, 2021

As The Plaza Assisted Living, along with the rest of the State continues its fight against COVID-19, we are saddened to announce that a direct care Team Member tested positive on September 20<sup>th</sup>. This individual's assignment was on the Assisted Living floor and their last day in the community was Thursday, September 16, 2021. As a result, all who may have come into close contact have been reached out to by the Administrator, Jennifer Pyun or Assistant Administrator, Dominique Hidaro.

On September 19<sup>th</sup>, all Assisted Living Residents and Team Members were administered a follow up COVID-19 antigen test due to a previous positive exposure; all of which have been confirmed negative.

As we await further guidance from the Hawaii State Department of Health, and for the safety of our Residents, the identified close contact residents are currently being quarantined. As soon as we receive formal direction from DOH, we will provide another update. In the meantime, an additional round of COVID-19 antigen testing has been scheduled for Thursday, September 23, 2021.

No resident services IE: Dining, Activities, Nursing will be impacted and will continue as normal.

We thank you for your patience and understanding as we work toward getting The Plaza at Pearl City COVID-19 free.

If you have any questions, please contact Administrator, Jennifer Pyun, at (808) 455-8808.
