

Coronavirus (COVID-19) Update:
The Plaza at Pearl City – Testing Results 100% Negative

September 30, 2021

Today all Plaza at Pearl City Assisted Living Residents and Team Members were administered a follow up COVID-19 antigen test due to a previous positive exposure of a Team Member. We are happy to report that all results from this testing were negative, with no additional positive results.

With this latest round of negative testing, the community is now considered clear of COVID-19. As of Friday, October 1st, The Plaza at Pearl City Residents will be released from quarantine.

We thank you for your patience and understanding over the recent weeks as we worked toward getting The Plaza at Pearl City COVID-19 free.
