

Coronavirus (COVID-19) Update:

The Plaza at Mililani – Free of COVID-19 Latest Round of Testing 100% Negative

October 6, 2021

Since learning that a Team Member had tested positive for COVID-19 on September 11, 2021, The Plaza at Mililani has followed the guidance of the Hawaii State Department of Health regarding testing, quarantining and isolating. Per their recommendation, multiple rounds of testing were executed for all Residents and Team Members at the community.

Today, we are happy to report that all results from our latest round of testing, were confirmed negative for the coronavirus; The Plaza at Mililani is now considered a COVID-19 free facility. All communal activities are scheduled to resume Thursday, October 7, 2021.

Thank you for your patience, understanding and support as we took the necessary steps toward getting The Plaza at Mililani cleared of COVID-19.

Our team members truly displayed their ability to adapt, be flexible, and rose to meet the challenges that came with this lockdown. We are so grateful for everything they did during this time!

We also wanted to send a special thank you to the following Team Members for taking exceptional care of the residents who were diagnosed with COVID-19: Jenna (Director of Nursing), Melanie (Charge Nurse), Myra (Charge Nurse), Sheila (RCA), Jennifer (RCA), Jocelyn (RCA) and Rosario (RCA).
